1. BLM District Office: Winnemucca District Office

2. Name of Project Lead: Julie McKinnon

3. Project Title: Communication Site Renewal N-13162

4. Applicant: Nevada Division of State Lands

5. Project Description: (briefly describe who, what, when, where, why, how)

The Nevada Division of State Lands has submitted a right-of-way application to renew an existing communication site on Maggie Peak. This facility is used to house NDOW's equipment for private mobile radio service, because there is not enough room in the new facility that was built in 2007. The Nevada Division of State Lands is not proposing any changes to the existing facility. The existing building is approximately 8' x 16' metal structure and has a 40' wood monopole tower with a dish and two small solar panels.

Access to this site is off of Hwy 140 onto Wilder Creek Road for approximately 16 miles. The last 1½ miles is authorized to the Nevada Division of State Lands under this lease.

The communication lease would be issued for 20 years and could be renewed or relinquished as necessary.

Coordination with NDOW and FWS would be necessary; this project is within PGH habitat.

Project dimensions (length, width, height, depth): 100' x 100'; 6,366' x 50' (portion of access

Mitigation Measures/Remarks (The following stipulation(s) is/are recommended to be applied to the authorization):

The Proposed Action has been reviewed to determine if any exceptions described in 43 CFR 46.215 Categorical Exclusions: Extraordinary Circumstances apply. (See attached page)

#### Part III: DECISION:

I have reviewed this plan conformance and NEPA compliance record and have determined that the proposed project is in conformance with the approved land use plan and that no other environmental analysis is required.

| ☑ Project authorization is subject to mitigation medication. A separate program implementation decrease.  | `  |
|---|--|
| ☐ Based on regulatory authority or law that allow allow for implementation of the project, as describe above and attached as stipulations, conditions of apcombined NEPA and program implementation dec | ed, with the mitigation measures identified pproval, terms of conditions, etc. This is a |

Administrative Review or Appeal Opportunities

A person who wishes to appeal to the Interior Board of Land Appeals must do so under 43 CFR 4.411 and must file in the office of the officer who made the decision (not the board), in writing to Derek Messmer, Humboldt River Field Office, 5100 East Winnemucca Boulevard, Winnemucca, Nevada 89445. A person served with the decision being appealed must transmit the notice of appeal in time to be filed in the office where it is required to be filed within thirty (30) days after the date of service.

The notice of appeal must give the serial number or other identification of the case and may include a statement of reasons for the appeal, a statement of standing if required by § 4.412(b), and any arguments the appellant wishes to make. Form 1842-1 provides additional information regarding filing an appeal.

No extension of time will be granted for filing a notice of appeal. If a notice of appeal is filed after the grace period provided in §4.401(a), the notice of appeal will not be considered and the case will be closed by the officer from whose decision the appeal is taken. If the appeal is filed during the grace period provided in §4.401(a) and the delay in filing is not waived, as provided in that section, the notice of appeal will not be considered and the appeal will be dismissed by the Board.

The appellant shall serve a copy of the notice of appeal and any statements of reason, written arguments, or briefs under §4.413 on each adverse party named in the decision from which the appeal is taken and on the Office of the Solicitor, Pacific Southwest Regional Solicitor, U.S. Department of the Interior, 2800 Cottage Way, Room E-2753, Sacramento, California 95825-1890. Service must be accompanied by personally serving a copy to the party or by sending the document by registered or certified mail, return receipt requested, to the address of record in the bureau, no later than 15 days after filing the document.

**Applicant: NV Div. of State Lands** 

Project Title: Renewal existing Maggie Peak Comm. Site

In addition, within thirty (30) days of receipt of this decision you have the right to file a petition for a stay together with your appeal in accordance with the regulations at 43 CFR 4.21. The petition must be served upon the same parties specified above.

Pursuant to 43 CFR 4.47I(c), a petition for stay, if filed, must show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied;
- (2) The likelihood of the appellant's success on the merits;
- (3) The likelihood of immediate and irreparable harm if the stay is not granted; and,
- (4) Whether the public interest favors granting the stay.

43 CFR 4.471 (d) provides that the appellant requesting a stay bears the burden of proof to demonstrate that a stay should be granted.

At the conclusion of any document that a party must serve, the party or its representative must sign a written statement certifying that service has been or will be made in accordance with the applicable rules and specifying the date and manner of such service (43 CFR 4.422(c)(2)).
